**An inspirational weekend of
Yoga, Meditation/Mindfulness and Personal Development**

"A mind free from all disturbance is Yoga." - The Yoga Sutras of Patanjali

This is a relaxing and uplifting weekend suitable for those of you who have an interest in Yoga, Meditation and Personal/Spiritual Development, and who would like to learn more.

Today we live in a busy world and our lives can be full of noise and distractions; both externally (media, work pressure, relationship problems) and internally through our thoughts and feelings (for example guilt, insecurity, sadness). This weekend will be an opportunity to learn how to let go of the 'frazzled mind' and to connect with your extraordinary inner peace, that is always there, but with which we often lose contact.

The most powerful thing that you can do to improve your life and to feel more in balance is to start meditating. This will put you in touch with who you really are. It will also put you in touch with your heart and intuition. When we live from a place of inner peace, our lives can transform in miraculous ways!

TUTOR

Rose-Marie Sorokin, B.A., Dip BWY. Rose-Marie has worked in the body-mind area for 30 years. She is a British Wheel of Yoga qualified teacher, a qualified Pilates Teacher and Meditation Teacher (*post graduate British Wheel of Yoga Meditation & Personal Development training with Maarten Vermaase and post graduate certificate in Mindfulness*), a Spiritual Coach (*trained with Nick Williams and Sarah Alexander, London*), Astrologer, Healer (NFSH) and You Can Heal Your Life© Cert. Facilitator (*based on Louise Hay's work*) and works internationally. She also writes for various magazines on personal/spiritual development, meditation and yoga. She is currently writing a book – 'The Miracle of Yes'.

Rose-Marie has, for a very long time, been fascinated by how our thoughts, feelings and the subconscious mind affect our life and believes passionately in our capacity to heal and turn around any situation to create inner peace and a fulfilling life. Rose-Marie has studied personal and spiritual development and related subjects for many years and is particularly inspired by Eckhart Tolle, Dr Wayne Dyer, Louise Hay, Nick Williams, Adyashanti, Gangaji, Michael Beckwith, Teal Swan, Gregg Braden, Rupert Spira, Robert Holden, The Dalai Lama, Godfrey Devereux, David Wolfe and many other teachers within the area of spirituality and Advaita Vedanta (non-dualism).

Rose-Marie's Yoga classes are an inspirational blend of different styles with an emphasis on a flowing style of yoga – sequences of postures – suitable for both beginners and intermediate students. Classes also include specific exercises, designed by Rose-Marie (from her holistic back care method The Sorokin Method) for releasing tension, stiffness and tightness in the muscles as this is

hugely important for improving our wellbeing. She sees Yoga as invaluable when it comes to connecting to our Inner or Sacred Self, which is the true 'goal' of Yoga.

Yoga is a fantastic tool for creating balance on all levels - physically, mentally, emotionally and spiritually. It allows us to get in touch with our own body and to gently work on blockages that are present there. Any pain, stiffness or discomfort in the body is a reflection of our thoughts and emotions. Through yoga postures, breathing, meditation and deep relaxation much of this can be improved or even resolved. Yoga also improves the flow of energy ('prana' in Sanskrit) which puts us in touch with Who We Really Are or our Sacred Self. Through Yoga we can access our Intuition which guides us to what we need to do in order to create the life we want. In the West we rarely work with this deeper aspect of Yoga, but it is there waiting for us to tap into. No previous Yoga experience is required.

Happiness does not come from the outside, but from the inside. It is not about 'luck' or having the right car or relationship, but about realizing that you create your own happiness and that you are in charge of your own life. Once you have done some **inner** work, most things fall into place on the outside; relationships become better, health improves, job/career become more fulfilling, finances improve, you have a stronger sense of inner peace etc. **Did you know that there is a single ingredient that separates people who are happy from people who are not?** That component is how you harness your **personal power**. You do not need to acquire this power, you already have it! Rose-Marie's mission is to help as many people as possible unleash this power and use it to its full potential to create a life of peace, abundance and happiness.

What people have said about previous retreats:

"Dear Rose Marie, Thank you for a lovely weekend, I really enjoyed the yoga especially the relaxation and meditation. I still feel like I am floating. I thought the mix of workshops, free time and gentle exercise was great. The workshops were very thought provoking and they have given me some good, simple and practical ideas for a spiritual practice that will be easy to fit into my life and the introduction to the "law of attraction" has already paid dividends! Oxon Hoath was a fabulous venue and warm (v important to me) that created a cosy nurturing feel for the weekend and to top things off you fed us healthy chocolate. I will be recommending the weekend to some friends for next year." Julie

"Hi Rose-Marie, I just wanted to say a big thank you for a really enjoyable weekend – one I will hopefully be able to do again. I found the weekend to be totally enjoyable – well organised and a great crowd of people. Meditation is new for me, but I thoroughly enjoyed practising it and will certainly keep it up! I have found myself reciting some of the new phrases that I have learnt. Once again many thanks. The picture of us all will go in my journal book!" Alison

"Dear Rose-Marie, Thank you for a great weekend, very relaxing as well as inspiring. The venue was beautiful and the food superb. All perfect and hope that I can join you again. Warmest wishes." Jackie

"I was a little nervous about this weekend because it is often the case where I mix in circles of people. How surprised was I that most of us had so much in common, both in ideas and beliefs. Such a brilliant idea to combine yoga and the spirituality! The yoga was gentle, but worked my body appropriately, even though I have back problems. The workshops and discussions will help me to understand my books, with the sessions helping me to bring focus on the many ideas I have. Thanks for a really interesting and inter-active weekend!" Carmel

"Thank you so much Rose Marie for a wonderful Yes yoga retreat weekend. I truly loved every minute of the weekend and feel uplifted and full of zest but most of all very much inspired. Loved you and loved everyone in our group Thank you Heart and soul" Nemisha

"I found the yoga complemented the Workshops on Personal and Spiritual development very well. It helped to relax and open up the mind and also to unwind. It is hard to know what you want in life and, for me, this weekend will play a part in discovering this. Thank you! Thank you to the Universe!" Paul

"Inspiring! A good mix of yoga exercises and workshop exercises. I had started the process about a month before and this weekend has really helped me clarify the direction I need to work on. I have a clearer vision and feel confident that it is all coming my way. It is no if, but when. Excellent! Thank you!" Xx Annie
